Do we have a contact at Union Pacific? We're being asked to help address encampments and trash on the tracks.

Thanks.

Brian

Hi Brian,

Per our conversation, today Council District 15 and I were at the corner of 109 and Compton Avenue because there were reports of a safety concerns along the tracks. When we arrived we witnessed several encampments and debris along UP's railroad tracks. These tracks are active and need immediate attention to this area to avoid any derailment from occurring in this area. In addition, the tracks are in close proximity to homes and a block away from a middle school. I am attaching pictures for your reference. Let me know if you have any questions. Any help that you can provide would be greatly appreciated.

Hi everyone,

I just got word that LAPD will be out there on Feb 20 at 8 am. Can we please have UP assist with towing and clearing of trash on this day.

Please let me know if you have any questions.

Fwd:

Warmly,

Good morning everyone,

I hope this email finds you well. This is Arely with Councilman Joe Buscaino Watts District Office. I wanted to reach out to you all to coordinate a joint clean-up at 1650 E 109th St that is located adjacent to Union Pacific Tracks. We have cleared this area in the past and we truly appreciate your efforts but its time to revisit and conduct another clean. The type of work we need is clearance of inoperable vehicles, tires, trash debris, assessment of multiple dogs that are being abused by owners, and we need to clear the area of trespassers. I also want to add that after speaking to the operator at the UP Hotline, they did inform me that this site has been reported on multiple occasions.

With that said, can we please coordinate efforts for Tuesday(2/19) or Wednesday(2/20) of next week. As seen on the images below, this is an extreme public nuisance that needs to be dealt with immediately.

I look forward to hearing from you all and working together to clear this up. Please let me know if you have any questions or concerns.

Report # 2019-02-12-066-RMS

Thank you,
